Estepona /

Sea View Apartments

Bayside Homes is a new project in the area of Arroyo Enmedio, close to Estepona, and just minutes from the beach, in a quiet suburban setting.

The project consists of 41 properties with one, two and three bedroom options available. The apartments are distributed across just two buildings, with ground floor, first floor and second floor properties. There is also a penthouse apartment in one of the portals. All the properties are south-east facing.

The development offers stunning landscaped gardens, a communal pool, gymnasium and a versatile multipurpose room. The communal areas have been designed to reflect a commitment to sustainability with top-quality features and facilities on offer.

Inside the stunning new homes, spacious living areas have been designed with a focus on attention to details. Large windows, large porcelain floor tiles and the orientation of the homes maximise natural light throughout the day. The large windows also take you to your generous terraces to make the most of the weather.

The kitchens have been designed to be an integral part of the property, bright, spacious and functional areas for all-day use. Quartz countertops, fitted appliances and LED lighting add to the feeling of quality.
