

New Villas in Estepona

Welcome to Brisas del Mar - a new project in Estepona consisting of just 10 stunning villas.

Each of the new homes has 4 bedrooms, 3-4 bathrooms, plus 1 or 2 extra guest toilets. Some of the villas also boast their own private garden with salt-water swimming pool while the central properties have their pool within the roof terrace.

The open spaces inside are both functional and decorative and connect seamlessly to the outside space where you can make the most of the views of the sea, golf courses and mountains.

With their contemporary design, and top-quality materials and finishes, these new homes are all about living the Costa Del Sol lifestyle. Oversized windows flood the property with natural light throughout the open plan dining, living room and kitchen.

You will find a fully equipped, modern kitchen, hot/cold air conditioning, en-suite master bedroom, fitted wardrobes in all bedrooms, plus private parking spaces.
