El Higuerón / Fuengirola

Enjoy the view!

Introducing Las Lomas del Higueron - a new residential project in the hills above Fuengirola.

Phase 1 consists of 49 townhouses, each with three bedrooms and each boasting a private garden and a rooftop solarium. The townhouses also come with a storage room and two parking spaces. The properties are distributed over 2 levels, plus the roof terrace.

Phase 2 is made up of 180 apartments of 2 or 3 bedrooms. The homes are in 10 blocks of 10 or 20 properties. The ground floor properties come with a private garden. 60 of these apartments are currently available for sale.

Phase 3 consists of 30 apartments with 2, 3 or 4 bedrooms. These are distributed across 3 blocks. Again, the ground floor properties boast a private garden, while the penthouses offer a rooftop solarium.

Phase 4, which is currently for sale, offers 36 apartment with 2 or 3 bedrooms. These are spread across 3 blocks. Penthouse apartments offer a rooftop solarium while the ground floor apartments once again come with a private garden area.

In all the phases, the open plan design of the properties offers a great living space, while large windows flood the homes with natural light.

Communal areas in this project include multiple swimming pools, a gym, sauna and a spacious co-working area.
