San Pedro de Alcantara / Marbella

A Home Like Nowhere Else

Welcome to Mare - a new project of apartments and penthouses, in San Pedro de Alcantara, only 2 minutes from the beach!

The project includes apartments with 2 and 3 bedrooms, and penthouse apartments with 4 bedrooms.

The homes are designed for maximum comfort and efficiency, using top-quality materials. They offer an air conditioning system which adapts to the temperature to ensure energy efficiency. There is also optimal soundproofing between each property and the exterior.

The large windows will flood the apartments with natural light and also offer a seamless transition from inside to the generous terrace to enjoy the sunshine.

The large open plan living/dining area and modern kitchen offers a spacious area and a greater sensation of brightness. You just found your new home on the Costa del Sol!
