

## Everything You Need

Introducing Metropolitan Homes - a new project of 35 apartments in a quiet residential neighbourhood in the heart of Malaga. The area includes all the facilities you could ask for including supermarkets, health care, banks, schools, and more.

The project offers homes with one- and two-bedroom options, within a modern contemporary building. The building has orientations to the south, east and west. The open-plan layout of the homes with large windows ensures the apartments are bright and energy efficient.

The complex also includes communal areas including a swimming pool, solarium, and lounge area.

The apartments offer large corner windows, bedrooms with en-suite bathrooms as well as generous living areas connected to spacious terraces. There is a parking space and storage room for each property.
