

Villa

From: €1,490,000

Benahavís /

Panoramic Views

Welcome to Ocean 360 - a new project of luxury villas with emphasis on cutting edge design and luxury appeal.

The homes are situated in the picturesque Benahavís affording you wonderful views.

The ground floor is an open-plan design with large floor-to-ceiling windows allowing natural light to flood the property from its southeast orientation.

The villas make the most of the wonderful Costa del Sol climate with large terraces on the ground floor, and large balconies on each of the 3 first floor bedrooms, and a rooftop terrace to take full advantage of the panoramic views.

The basement has strategically placed windows to allow an abundance of light and, during construction, buyers can alter the room sizes according to their needs. The basic basement plan is 2 bedrooms and one larger cinema room but one of the bedrooms can be replaced for another function.

There is also a private swimming pool on your terrace. A modern glass lift takes you between the floors of your luxury villa.
