Luxury Living

Welcome to Olivos - the latest addition to the Palo Alto community. This new project consists of only 22 new homes, offering 2 and 3 bedroom layouts.

The apartments and penthouses are all designed and built to the highest standards, with a focus on quality. They offer modern open-plan living areas with integrated dining areas and a modern kitchen. Thanks to the large windows, the interior and exterior areas become like one.

The master bedroom is spacious and bright and includes an ensuite bathroom and walk-in wardrobes. Each apartment also offers a parking space and storage unit.

The communal areas of this project include landscaped gardens, swimming pool with sunbathing area to enjoy the sea views.
