Los Monteros / Marbella

Boutique Homes in a Dream Resort

Quintessence is a new luxury residential project in Los Monteros, Marbella.

An innovative project with 96 spacious homes connected with the environment and with different layouts distributed in buildings with a maximum of three floors: ground floor with private garden and pool, first floor and penthouses with solarium (with an option of adding a private pool).

The communal areas of this new project include a Spa, gymnasium, and generous sized swimming pool. All this is set within beautiful Mediterranean gardens.

The extensive green areas, swimming pools and terraces will give you the opportunity to enjoy true Mediterranean luxury: the presence of the sun almost every day and a mild climate throughout the year.

All the apartments at Quintessence are west facing to take advantage of the natural light while, at the same time, offering you a landscape with amazing views to the Mediterranean Sea, to the 18 holes of the Rio Real golf course, to the lively streets of Marbella, or to the impressive La Concha mountain.
