

Apartment, Penthouse, Villa

From: €575,000

El Higuerón / Fuengirola

Dreamy Spaces

The Valley Collection is a new project only 3 minutes from Higueron Resort in the hills above Fuengirola.

There is a choice of property type. Choose from Garden Villas, apartments and penthouses, all characterised by their spacious rooms.

Each of the buildings is perched on an elevated platform to open up the horizon to you and offers fantastic views along the Costa del Sol. The properties are South or South-West facing. Watch the amazing Mediterranean sunsets from your generous terrace.

The communal areas of this project are outstanding with over 20,000 square metres of landscaped gardens. There are 6, yes 6, swimming pools distributed around the development. Each home also includes two parking spaces and a storage room.

The homes are built with interior space up to 130m², and exterior space up to 120m².
