### ***Stunning Properties. Stunning Location.***

Welcome to Valle Romano - a new and exclusive project of 115 spacious apartments and penthouses, featuring 2, 3 and 4 bedroom properties. Each has a garage space, storage room, and generous terraces, while the ground floor apartments have private garden spaces.

The properties have been designed for maximum enjoyment following an open-space concept where functionality combines with the wonderful south-facing orientation making natural light the main feature.

The homes all have large windows leading to spacious terraces to make the most of the views and the Costa del Sol weather, spaces perfect for relaxing or entertaining.

Excellent communal areas include two swimming pools, a gymnasium, and clubhouse, all surrounded by lush Mediterranean gardens.

Valle Romano is in the town of Estepona, where the town, sea, mountains and plentiful golf courses provide you with everything you could need.
