## ***An Oasis***

Welcome to Aby Estepona - a new project of 90 homes with one, two or three bedrooms. All the properties include a garage space and a storage room.

Aby Estepona is a brand new, exclusive residential complex built on a hill affording you great views of the surrounding green areas and golf courses and towards the Mediterranean Sea.

Direct access to your generous terrace creates a bright and welcoming interior and exterior for you to enjoy while natural light floods the property.

The communal areas include two swimming pools, multisport court, social club for leisure and sports activities, as well as landscaped garden areas.

A perfect place to enjoy the quiet life, while being able to access a wide range of outdoor activities, thanks to its proximity to the golf courses of Estepona Golf and its spectacular beaches.
