New Luxury Homes

Welcome to the Camojan Six - a new collection of just six luxury homes, situated in the area of Cascada de Camojan, in the heart of The Golden Mile, Marbella.

The spectacular homes will sit within a secure, gated complex, at the highest point of the urbanisation, a quiet spot surrounded by nature and offering fantastic views. The homes are framed by the mountains to the rear and views of the sea to the front.

There will be 4 spacious semi-detached properties, with panoramic sea and mountain views, and 2 amazing detached villas. All have been designed by renowned architects, and are intended to be an ode to elegance.

These properties are like nothing you have seen before, and mark the beginning of a new contemporary era, in accordance with the exclusive Marbella market.
