El Campanario / Estepona

Modern Luxury Villas

El Campanario Vistas is a new development consisting of 12 luxury villas with a modern avant-garde design, with luxury qualities and exceptional finishing.

The properties are distributed over three levels with a large basement that could house a cinema room, a gym or spa and sauna. This area opens directly onto your Japanese-style patio and pool with waterfall. The villas have 4 bedrooms and 4 bathrooms.

All the properties are located in a privileged location right by a golf course with spectacular views. Characterized by open spaces and large floor-to-ceiling windows that flood the villas with natural light, the villas create a seamless separation from inside to outside.

The lounge is the main element of the ground floor opening fully to the kitchen and offering direct access to the terrace with a covered porch. The gardens are designed focusing on green areas and nature using these elements to create feelings of well-being that make you feel at peace in your new home.

The properties sit on large plots of up to 500m².

The development is only a few metres from the clubhouse of El Campanario Golf with its exquisite restaurant, tennis and paddle courts, spa, gym, swimming pool and the golf course. Only a few minutes by car from Puerto Banus and Estepona in an area with all the local amenities including schools, shops, restaurants and bars.
