Welcome to your dream home!

Welcome to Laguna Residence - a new project of 58 apartments set in Las Lagunas de Mijas.

We offer 1-, 2- and 3-bedroom apartments as well as impressive penthouse properties. In all the properties, large windows flood the space with sunlight thanks to the south-east orientation.

The design of the interiors is a spacious open-plan setup with direct access to the generous terrace space from your living room and bedroom.

The large terraces are spacious enough for al-fresco dining as well as relaxing under the Costa del Sol sun.

The location in Fuengirola puts you within easy reach of all the essential amenities including schools, healthcare, banking, shops, bars/cafes, and the wonderful beaches. Welcome to your dream home.
