### ***Live With Nature***

Welcome to Marein Natura - a new project consisting of just three luxury villas sitting amongst nature in an exceptional environment.

The three unique villas are all built on one level and designed to enjoy the Mediterranean lifestyle. Enjoy your own private garden and spacious terrace with a beautiful swimming pool and chill out area. Your new villa has its own landscaping and ecological garden to enjoy the freshness of nature.

The properties have an underground garage and a large basement that can be customized to the taste and lifestyle of each family.

The spacious interiors are designed to make the most of light and space. The open plan living area and kitchen will inspire. The generous bedrooms are the perfect setting to recuperate after a long day in the sun.
