

Benahavis / Marbella

Your New Home in Benahavis

Welcome to Paraiso Pueblo - Benahavis, strategically located, surrounded by the most prestigious golf courses on the Costa del Sol, and with unrivalled panoramic views over the sea and the golf course, this new project offers an elegant Andalusian lifestyle, where traditional architecture is combined with avant-garde interior design and high-quality materials.

The residential complex consists of 206 new homes with 2 or 3 bedrooms. The homes offer large living rooms with integrated kitchens and dining rooms and access to the spacious terraces. All the penthouses, in addition to terraces, also have very large solariums while most of the ground floor properties have a private garden. The terraces, with large windows, allow the homes to be bathed in light and have spectacular views.

The project will offer a wide range of services to buyers within the same complex, which will make Paraiso Pueblo a truly unique project. The facilities include large garden areas, 5 outdoor pools, a heated indoor pool, a play area for children, clubhouse with restaurant/bar and a shop with local products. A gym, SPA with sauna, Turkish bath and Jacuzzi, Crossfit area and Yoga, as well as a sports court will help keep you fit.

The project is being built with the best qualities for both the facilities and the finishes. Continuous floors and impressive floor-to-ceiling sliding windows will create a seamless transition between indoor and outdoor rooms. The open kitchens integrated into the living room will have high-end appliances and all homes will be equipped with a home automation system for the installations, lighting and blinds.
