Sea Views

Welcome to Blue Marine - a new residential project in Manilva. This project consists of 40 apartments with 3 or 4 bedrooms, and 2 semi-detached houses.

Of the apartments, 10 have a private swimming pool, while all have large terraces offering wonderful sea views. The semi-detached homes also have a private pool set within a private garden area.

The properties come with fitted kitchens, including appliances. Parking and a storage area are also included. Communal areas include a gym, and a community pool set within lush Mediterranean gardens.

The area is surrounded by golf courses, as well as shops, bars-cafes, health care, schools, banks and more. You are not far from the beach and Estepona is only a drive away. In the other direction, you will find Sotogrande and Gibraltar are only a minutes away.
