Breathtaking Sea Views

Welcome to Equilibrio - a new boutique development of just 15 stunning apartments, distributed across 3 blocks.

No small windows here - just large floor-to-ceiling windows that flood the apartments with natural light and offer you a view of the sea to wake up to every morning. The views extend further from the spacious terraces.

This brand-new complex offers privacy to those who live here, while living in a building of the highest standards of quality and comfort. With underground parking, elevators, and a communal pool, set amid lush Mediterranean gardens.

The properties offer 2 bedrooms and 3 bathrooms on the ground floor and first floor, while penthouse apartments offer 3 bedrooms and 3 bathrooms.

Well thought out, modern layouts make this project stand out for quality and top construction methods as well as being the perfect place to live, relax, and entertain.
