## As always…..as never before

Welcome to Lomas del Rey - a newly constructed residential project on the Golden Mile, at the heart of Marbella.

With luxury apartments and penthouses available you have found your new home in the sun. Offering properties with 2 or 3 bedrooms, open plan and spacious properties full of natural light. Your outside space is also generous with large wide terraces at least 50% of the size of your interior space. The design of the exterior enclosures will allow a comfortable and easy access to its wide terraces.

Your new home is central to a great community with communal gardens, a social club, fitness club, four swimming pools, full maintenance service and 24 hour security.

And of course, being in the heart of Marbella you are close to all amenities you can think of, as well as only a short walk/drive from Puerto Banus.

The development is in its final stage of construction. This last phase comprises of 24 properties which are equal to the previous phase with the same high quality and luxury standards now expected.
