Introducing Serenity Collection - a new private residential complex in Estepona, in a quiet area less than 1km from the beautiful beaches of the Costa del Sol.

This new complex features 66 homes with 1, 2 or 3 bedrooms. The building are on three levels and feature beautiful terraces of between 25 and 165m². There are views available to the communal gardens, the pool area, the mountains and the shimmering Mediterranean Sea. The apartments offer Southeast / South / Southwest orientation.

The ground floor apartments have their own garden area between 15 and 208m² and are ideal for families with children or pets.

The first floor properties have terrace spaces between 25 and 35m², great for allowing natural light into your new home.

For that extra element of privacy, there are penthouse apartments which offer a rooftop solarium from which you can enjoy the views and the excellent Costa del Sol weather.
